What is the Safety & Security Program?

Our Purpose

The Safety & Security Program is founded on the belief that all individuals who have developmental disabilities have a right to live in a stable and safe home.

It is the intent of the Putnam County Board of DD to provide support and resource referral to eligible families and to individuals with developmental disabilities that are residents of Putnam County in accordance with guidelines established by the Ohio Department of DD (OAC 5123-4-01).

Through the Putnam County Board of DD's Safety & Security Program, the goal is to support families in caring for an eligible family member at home and to promote the unity of the family. The program also empowers families by sharing resource information.

Eligibility

"Family" is defined as those whom the individual resides and assumes ongoing care, legal and financial responsibility. "Family" means parent, brother, sister, spouse, son, daughter, grandparent, aunt, uncle, cousin, or guardian of the individual with developmental disabilities and includes the individual with developmental disabilities.

Request & Reimbursement Process

Families should initiate the request for services by contacting the Putnam County Board of DD. Once a request has been approved, the family will be notified and the item can be purchased. Reimbursement will take place no later than forty-five (45) days after the expense was incurred and the appropriate documentation and/or receipt has been provided.
